

The Journey to Success

Backwards Planning Instruction From Portfolio Defenses

ENVISION
LEARNING PARTNERS
Inspiring Results

Learning Target

I can plan a powerful, engaging, student-centered “journey to success” for my performance assessment, full of opportunities for students to acquire mastery in high leverage skills
(Competencies + Leadership Skills)

Know

Reflect

How do these **core** ideas drive the journey for students and teachers?

- ▶ **competencies** v. coverage
- ▶ **demonstration** v. regurgitation
- ▶ **revision for quality** v. single attempts

How do these **core** ideas drive the journey for students and teachers?

► **competencies** v. coverage

How do I become a competent researcher, investigator, analyst, and communicator?

How do these **core** ideas drive the journey for students and teachers?

▶ **demonstration** v. regurgitation

*How will I show what I think,
how I think, and what I can do?*

How do these **core** ideas drive the journey for students and teachers?

How will I come to see learning as a process of discovery and adjustment?

▶ **revision for quality** v. single attempts

A Teacher's Role:

Asking questions

**you already know the
answers to**

v.

presenting challenges

or problems to be solved

in mind

relevance —locally, personally, politically—
increases student engagement, makes learning
meaningful for the individual, and fosters
academic identity in students who have never
done well in school.

building in **choice**: increasing student engagement, differentiating, and making learning meaningful to the individual

Prompt **Argument**
Topic **Audience** **Problem**

putting **thinking** on display

using evidence

considering
perspective

arguing

“showing your work”

explaining method,
process

What makes
you say that?

Why?

So what?

▶ **JUSTIFY**

Working the **workshop model**

▶ **I DO.** *Model mastery*

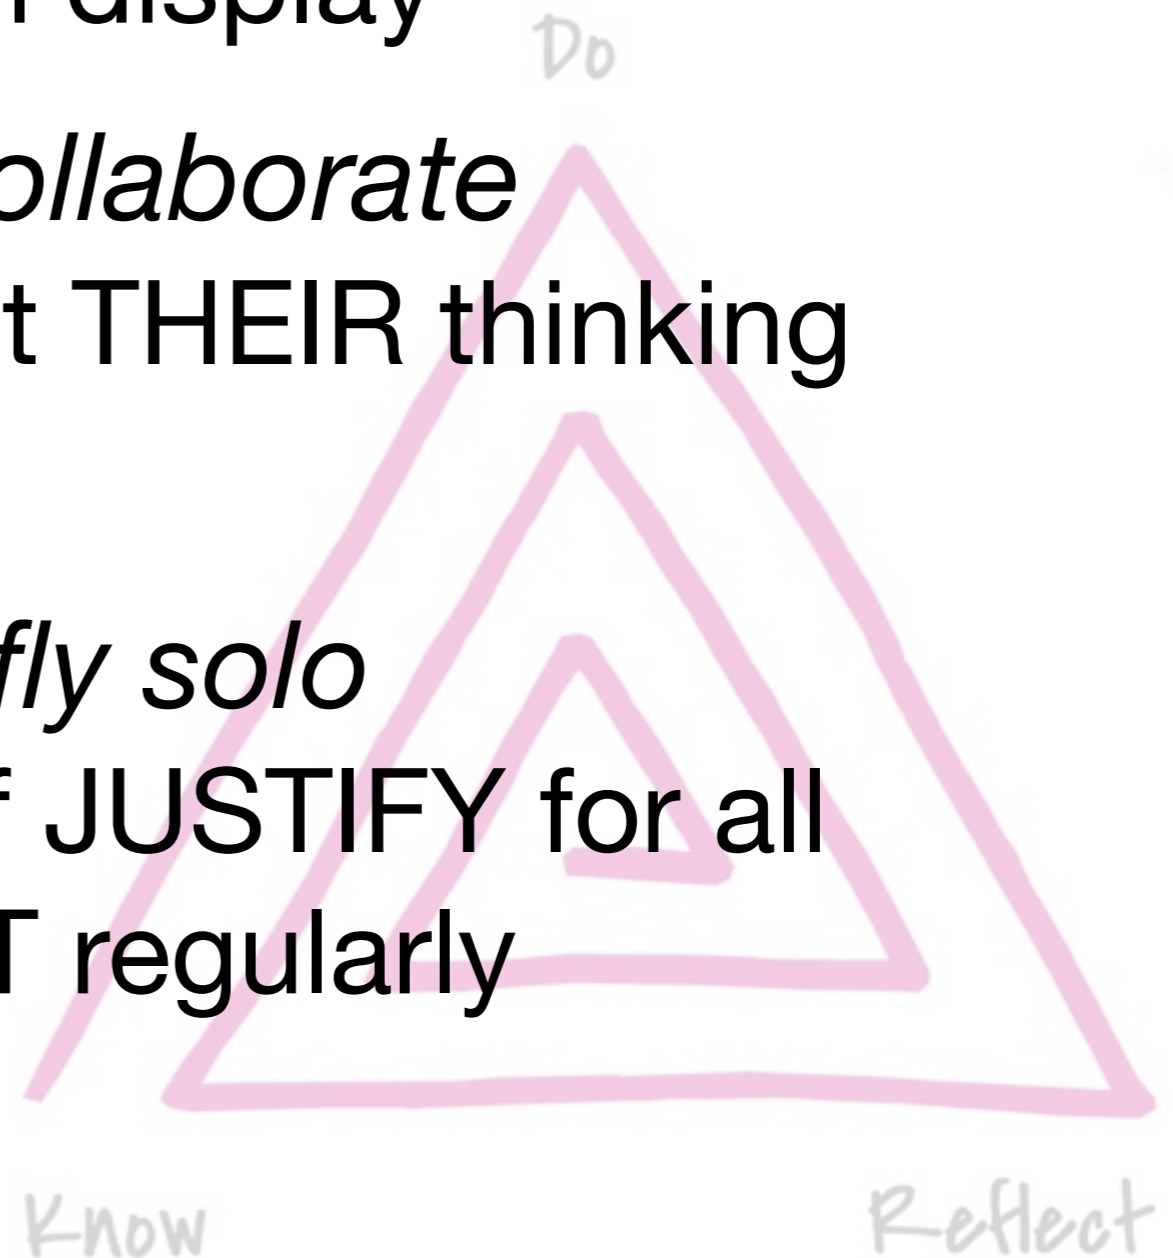

+ Put YOUR thinking on display

▶ **WE DO.** *Students collaborate*

+ Select students to put THEIR thinking on display

▶ **YOU DO.** *Students fly solo*

+ Include an element of JUSTIFY for all students, and REFLECT regularly

▶ **JUSTIFY**

What kind of **activities** require this kind of thinking?

▶ **Think-aloud**

▶ **Think-pair-share**

▶ **“Trivia night” / Quiz Show**

▶ **Presentations w/ Q&A**

Post a ready-to-go routine or strategy that requires students to **JUSTIFY** their thinking.

students are...

using evidence “showing their work”

arguing explaining process

considering perspective

teachers are...

working the workshop model

asking probing questions

*Title: JUSTIFY
& make sure to
be specific!*

CreateJustifyReflectRevise

fostering a **growth mindset**

“think like a scientist”

collaborate

learning as discovery

celebrate curiosity

proposals

model risk-taking

benchmarks

talk about your “mistakes”

 **REVISE**

post an example of an activity requiring
revision at one or more of these
levels

Do
“think like a scientist”

collaborate

celebrate curiosity

model risk-taking

learning as discovery

proposals

benchmarks

talk about your “mistakes”

 **REVISE** *Reflect*

bit.ly/CreateJustifyReflectRevise

What kind of **culture** promotes this kind of thinking?

- ▶ **TEACHER MODELLING**
- ▶ **implicit & explicit expectations**
- ▶ **time allocation**
- ▶ **routines & structures - “built in”**
- ▶ **relationships & trust**

Back to **BASix**

Communicate Effectively
and Persuasively

Manage Projects Effectively

Think Critically

Solve Problems Resourcefully

Express Creatively

Collaborate Productively

What makes
you say that?
